The Palehua Townhouse Association is in strong support for Resolution 19-101 for a comprehensive report of the operations of Leeward Coast refuse drop-off facilities.

Not only has Kapolei become the new city the whole Leeward Coast continues to expand. We need to do whatever we can to discourage and stop illegal dumping. This includes education meaning that if people consider the `aina to be sacred they need to treat it as such.

Written Testimony I have personally seen the illegal dumping from Ewa Beach to Makaha. It is a shame and to reduce or eliminate these illegal practices needs to be taken.

Our Association is hopeful that the Council will take positive action by passing Resolution 19-101.

Thank you for letting submit our testimony on this important issue for the Leeward Coast.

Written
Testimony

As President, Puu Palehua Association. I can say that we are in full support of CR-226, Resolution 19-101 requesting the Department of Environment Services to prepare a comprehensive report evaluating the operations of Leeward Coast refuse drop-off facilities and proposed improvement recommendations.

In addition to the areas noted in the whereas clauses, the Ewa Convenience Center faces long lines at times, which leads to some people taking their trash and dumping it in the Kalaeloa area. We need the whole Leeward Coast drop-off facilities evaluated and improvements initiated.

Our association urges the City Council to please pass Resolution 19-101.

Thank you for allowing me to state our position.
